

Product Manager

Scholly is looking for a Product Manager to join our team!

We are looking for an experienced and motivated Product Manager with FinTech experience to join our growing product development team. The Product Manager will be responsible for defining and managing Scholly's Fintech product roadmap by working closely with all internal & external teams. This is a strategic position for someone who aspires to lead our product development efforts and to expand their abilities in creating product roadmaps, defining user stories, specifications, user flows and wireframes.

Responsibilities:

- Developing and optimizing a company level product roadmap.
- Gathering and prioritizing requirements from various stakeholders.
- Competitive and comparative market research and analysis.
- Writing user stories, technical specifications and create workflows and wireframes.
- Working with our various business units to establish performance indicators and track relevant KPIs.
- Researching demand for the organization's products and services and present new product opportunities and initiatives to stakeholders.
- Developing reports on product performance.
- Identifying and analyzing customer experience trends and provide recommendations to capitalize on relevant findings.

Qualifications:

- Bachelor or Master's degree in a relevant field, or a mix of relevant work experience and education.
- 3-4 years of relevant experience.
- Demonstrable experience in Fintech as a product manager, product owner, business analyst, or similar position with the potential and attitude required to learn.
- Comfortable with various PM tools and adjacent technologies.
- General management skills. An ability to delegate, guide and coach employees and independent contractors.
- Advanced communication skills and the ability to quickly adapt to change.
- Solid knowledge of mobile analytics tools
- Numerically literate, comfortable working with numbers, making sense of metrics and processing figures with spreadsheets
- Focus on creating products that customers will love
- Up-to-date with the latest trends and best practices in product management
